FOR IMMEDIATE RELEASE

**SUNDARA INN & SPA TAKES ITS PLACE AMONG TOP SPAS IN AMERICA**  
**Natural Beauty of the Heartland, Commitment to Wellness**  
**Resonate with Travelers**

Wisconsin Dells, WI (2007) – Since opening in 2003, Sundara Inn & Spa in Wisconsin Dells, Wisconsin has attracted visitors from all over the country who have been drawn to the unexpected natural beauty of the area as well as the spa's commitment to wellness, qualities that make Sundara a special find in the Midwest.

According to Director of Guest Relations Tara Duarte, Sundara fulfills the needs of visitors in two ways. "Our guests embrace the idea of stress relief contributing to good health, the very foundation of Sundara," said Duarte. "They also have a deep appreciation for the environment, from the surrounding natural resources to our organic spa treatments."

Sundara is tucked away on 26 pristine acres, with construction respectful of the ancient Cambrian sandstone and towering pines that dominate the land. The architecture is best described as soaring organic, and the interior reflects the principles of feng shui. From the moment guests turn onto the long winding road leading to the spa, there is an unmistakable serenity. Signs indicate no smoking, no cell phones and no pagers, restrictions guests wholeheartedly welcome.

A full menu of spa services is designed to energize body and spirit, from therapeutic massage to organic skin care. Exclusive product lines, including Sundara's own signature line that draws ingredients indigenous to the area, complement the treatments. Spa Together rooms, specially designed for two, and the proprietary Purifying Bath Ritual add to Sundara's one-of-a-kind feel.

Sundara maintains an intimate atmosphere, with just 26 luxury suites and 12 private lifestyle villas, all with designer spa bathrooms, king-size featherbeds and fireplaces. The largest suites, called Amoda suites, are 1,500 square feet, and sleep up to five on three levels. Others range in size from 500 to 1,000 square feet. The largest lifestyle villas are 1,700 square feet with two bedrooms and spa bathrooms, gourmet kitchen, living and dining areas and wrap-around

veranda. From the artwork on the walls to the artistic vessel sinks in the bathrooms, the designers left nothing to chance in creating a soothing palette.

Even the Wisconsin climate, known for long winters, doesn't deter from the experience. "Our outdoor infinity edge pool, hot soak bath and curving decks are heated year-round," noted Duarte. "Hiking during the warm weather months leads to snow trekking and cross country skiing in the winter."

Sundara's web site can be accessed at [www.sundarспа.com](http://www.sundarспа.com). Its staff of Wellness Coordinators helps guests select just the right treatments and overnight accommodations to make each stay a rejuvenating one. The toll-free number for reservations is 888-735-8181.
