

If Only Every Meeting Could INSPIRE Your SPIRIT

NEW: Sundara Inn & Spa Now Offers Space for Small Business Gatherings and Retreats
In 2018, Sundara completed a 40,000 square foot addition. The expansion was thoughtfully done with wellness as the inspiration. Now you can bring that same wellness theme to small meetings and group retreats, thanks to the addition of gathering rooms, new woodland suites, and expanded amenities.

Meeting Space

Mandala A & B: Flexible meeting space on the second level of the addition, at treetop level, may be set up to best suit your gathering needs – classroom-style, rounds, or small seating groups in comfortable chairs. AV equipment available from Sundara.

Avacaya Private Dining: This private dining room, also on the second level, has seating for 12 around a European-style communal table. Views to the woods and outdoor fire and water features provide the perfect backdrop for creative brainstorming.

Woodland Reflection Room: This space, separate from the main resort, features floor-to-ceiling windows looking out onto the woods and wildlife. May be configured for yoga and meditation classes as well as informal discussions.
